To our customers

March 25, 2021

Statement: conflict minerals

Dear Customer,

As manufacturer of cable harnesses rmw Kabelsysteme GmbH is no direct processor of (conflict-) raw materials in the sense of the US-American directive for conflict minerals. Consequently, we have no influence over the origin of raw materials as well as the choice of corresponding smelteries.

In order to meet the requirements of our customers we have requested actively from all our relevant customers to submit us information regarding the origin of those materials which we use in our products.

Currently we are not in possession of any information from our suppliers indicating that any conflict minerals are contained in products produced by our company.

If necessary, the current "CMRT - Conflict Minerals Reporting Template" can be issued. Please make an individual request for this.

If you have further questions on this subject, please do not hesitate to contact me.

Yours faithfully,

Sebastian Staate
Management Representative
